

Counting Our Blessings at Valley Christian School!

When counting our blessings, we are thankful for Valley Christian School and the impact it has in the lives of so many. Below are a few thoughts from members of our VCS family!

**From the Valley Christian School community,
may you and your family have a blessed Thanksgiving!**

From a 3rd grade student

"VCS is the best school ever. I like VCS because it's fun. The people at VCS are very nice and caring...I love learning about different cultures, and I really like Spanish class. I learned how to say leche in Spanish. In English it means milk... We go on field trips like Adventure Aquarium...I think the coolest thing about VCS is going to Chapel and learning about God every day and how to walk in God's footsteps. My family joined Huntingdon Valley Presbyterian Church because of attending Valley Christian School."

From a 1st grade student

"My favorite thing to learn about at school is the Bible. It helps us to know how to treat our friends and more about God. We even sing Bible songs. One story I enjoyed was about David and Goliath. We measured that Goliath was 9 feet tall! Each week we get to hear a story from our 4th grade buddies. Together we do Maker Space projects that are great. I love my teachers at VCS because they help me to learn new things. They show me how to fix my problems. Mrs. Mitchell and Mrs. Barrulli give me hugs when I need them too☺"

From an 8th grade student

"Ever since I began school, VCS has welcomed me. Everyone acted like I was just another student, yet they showed me around classes. The teachers are extraordinarily nice and welcomed me in. It was nice having people you do not know act so warm to you. My friendships have been a blast and I have learned to trust my friends... Spiritually, I feel like my Bible teachers have helped me understand the Word of God... Thank you to my teachers for pushing me to do my best and making learning fun. And finally, to Mrs. Caler, thank you for welcoming me into your school. Romans 15:7 says, *Therefore welcome one another as Christ has welcomed you, for the glory of God.* I look forward to my final year at VCS and hope this is the best year ever."

From a 1st grade student

Taken from a book she created.

But the thing I love
most about VCS is....

my friends

From Chrissy Mench, 4th grade teacher

"VCS holds a special place in my heart. I have spent most of my working days here, 23 years' worth, forging relationships with students and coworkers alike. Being part of VCS means being part of a learning community, but it also means being part of God's community. It is a privilege to come to the classroom in the power and presence of the Spirit of God, and a joy to see hearts and minds opened to the world and the amazing God who created it. I must confess my love for VCS has grown in recent years as three of my grandchildren now attend here. I love coming to school with them, and seeing their excitement for learning and their love for the Lord grow. Who knows, if I stick around long enough, I will get to teach them like I did my own kids!"
